Mr. Chairman:

This letter is in response to the advice of the Cree-Quebec Forestry Board (CQFB), which you forwarded to me on December 17, 2010, in connection with modifications to the General Forest Development Plan for the 86-65 forest development unit.

The ministère des ressources naturelles et de la Faune will follow the recommendations of the CQFB and approve the planned changes in the W-13, W-1, W-3 and W-4A traplines and authorize an extension of the analysis period so that members of the CQFB, in a forthcoming meeting, might deal with planning in traplines W-4, W-5c and W-6.

Sincerely,

NATHALIE NORMANDEAU
